Mill Street

John Dunlop (Alexander Boyd) Corn Mill Total=£22.15.0 1864 N.B This mill has been furnished with a full set of first class machinery at an outlay of between four and five hundred pounds. There are 3 pair of stones, 2 bir and 1 common for shelling, can work 3 pair for 6 months of the year and sometimes one for the remainder of the year due the scarcity of the water. It works for the town and country and also has machinery for grinding Indian Corn. The Water Wheel is 17foot diameter, the fall of water 15foot. Fans, sifters and elevators. Thomas Bryan 6th March 1863
